

## Technical Bulletin N°05

REFERENCE BT\_2017\_FR20\_05\_UK

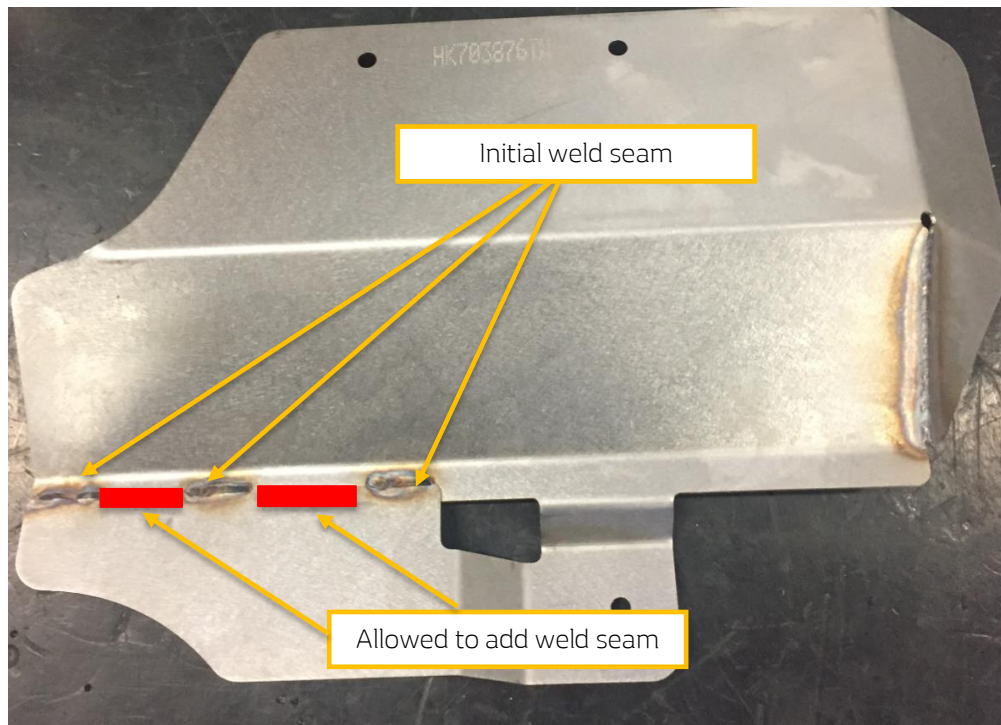

DATE 2017-04-18

SUBJECT Starter heatshield - .zconfig for Aim Smarty Cam

PARTS 2017 starter heat shield + aim Smarty Cam

### 1. New starter heatshield

Following the introduction of the new starter heatshield (ref 8201 703 876 ) in Technical Bulletin 2017 n°1, Renault Sport Racing allowed you to weld completely both shield instead of the initial 3 weld seam, as shown below on the picture. Parts in stock will be updated after Monza meeting.

### 2. .Zconfig for race event

Renault Sport Racing would like to inform you that all .Zconfig for the 2017 EURO CUP season are available on the extranet under the folder:

- Softwares
  - AIM SMARTY CAM
    - 2017

Please place the right file in your video camera system before each event, refer to 2017 Information Note n°1 for the procedure.
